

# Be Prepared, Not Scared: Getting Ready for Sonoma County Earthquakes

## Useful resources

- California Governor's Office for Emergency Services (CalOES) MyHazards: Find out about your exposure to earthquake (and other – tsunami, landslide) hazards: <https://myhazards.caloes.ca.gov/>
- MyShake - The official state app for getting earthquake early warning alerts: <https://myshake.berkeley.edu/>
- US Geological Survey (USGS) Earthquake Preparedness: Website with lots of links to useful resources: <https://www.usgs.gov/programs/earthquake-hazards/prepare>
- HayWired Scenario: What will the minutes, hours, days, and weeks after a large Hayward Fault earthquake look like? This USGS simulation has the answers: <https://www.usgs.gov/programs/science-application-for-risk-reduction/science/haywired-scenario>
- Seven Steps to Earthquake Safety: A simple, fully explained workflow to get ready for earthquakes in California, by the Earthquake Country Alliance: <https://www.earthquakecountry.org/sevensteps/> (available in 16 languages)
- Seven Steps, region-specific: <https://www.earthquakecountry.org/stayingsafe/>
- Take a Quiz to Self-Assess your home's earthquake resilience: <https://homequakequiz.org/>
- Practice Drop, Cover, Hold On: The Great Shakeout is coming on October 16<sup>th</sup>: <https://www.shakeout.org/> - also look out for the test alert from the MyShake app.
- Check out the Berkeley Seismology Lab website for more FAQs and earthquake information: <https://earthquakes.berkeley.edu/>
- Follow the Berkeley Seismology Lab on [X](#) and [BlueSky](#), MyShake on [X](#) and [BlueSky](#)
